El-Mahalla El-Kubra, Gharbia, 31837, Egypt

Frontend Developer with 1 year of experience building responsive web apps using React, Next.js, Javascript, TypeScript, and Tailwind CSS. Delivered freelance projects focused on clean code, performance, and pixel-perfect UI with RESTful API integration.

Work Experience

ReactJs developer

Jun 2023 - Present

Freelancer | Remote

- Developed responsive and high-performance web applications using React.js and Next.js, with select projects utilizing Vue.js for specific client needs.
- Improved application speed and SEO by leveraging Next.js SSR/SSG capabilities, achieving up to 30% faster load times across projects.
- Integrated and consumed RESTful APIs, creating seamless, data-driven user interfaces that enhanced app functionality and responsiveness.
- Collaborated directly with diverse clients to deliver tailored UI solutions, ensuring clean, maintainable code and consistent cross-browser design.
- Utilized TypeScript, Tailwind CSS, and modern JavaScript (ES6+) to create scalable components and pixel-perfect UIs, improving client satisfaction and engagement.
